

Raise amazing Digital Citizens while you raise funds for your school

The safest start to digital life for every child

Why risk open access to social media apps when your child can put their digital life training wheels on with DiGii@Home?

What's it all about?

DiGii@Home is a world first safe and educational social networking platform for children stepping out into digital life. There are 2 simple steps...

Step 1 - Create

Safe social networks where your child can chat & play with their friends without the risk of cyberbullying or exposure to inappropriate contact or content. Our Virtual Teacher is always working to guide & educate your child on the choices they make.

Step 2 - Build

Invite the Village helping you to raise your child to learn from our learning library as part of your subscription. At no additional cost, Granny, Uncle & best friend can all learn how to support your child in their digital life.

Get started

Get involved in a socially conscious & meaningful way to make money for your school.

10% cashback

Any annual subscription earns your Association cashback when you use your school's unique identifier code at checkout.
