"The world is changed by your example, not by your opinion"

Wrap your talking gear around this...

- What do you think this means?
- Have you ever seen someone give their opinion on something that doesn't concern them?
- Do you think people give their opinions too often online?
- What actions can people take online to set a good example?
- How can your example change the world?
- Can the little things we do have an impact on those around us?
- How can we spread kindness online?

Use these discussion starters as a jumping off position to explore the saying. Always try and come up with some actions that would help everyone in the discussion to learn and grow. Be curious, have fun and be prepared to change the way you think – and behave!
