Choices and consequences

"You are free to choose, but you are not free from the consequences of your choices."

Wrap your talking gear around this…

- What do you think this means?
- Does every choice you make have a consequence?
- Are all consequences bad?
- Can online choices lead to offline consequences?
- Does the consequence of making a poor choice online have a more permanent feel?
- What could be the consequence of choosing to say something unkind online?

Use these discussion starters as a jumping off position to explore the saying. Always try and come up with some actions that would help everyone in the discussion to learn and grow. Be curious, have fun and be prepared to change the way you think – and behave!
